Security Monitoring System Installation:

Special Criteria: Security Camera Monitoring System

1. Security cameras must be purchased as a part of an overall façade improvement project, with at least one other eligible improvement element.
2. Façade improvement funds can only be used towards the purchase and installation of security camera monitoring system. Maintenance costs are not eligible.
3. The maximum amount of façade funds that may be allocated to the purchase and installation costs of cameras shall be ten percent (10%) of the total funds awarded to an applicant, not to exceed \$2,500.
- 4. Applicants must sign an agreement which allows the City of Columbia Police Department to access footage upon request for official purposes for a period of time no less than the minimum term associated with funding.**
5. Security cameras must meet all equipment specifications required by the city.

Cameras and hardware shall conform to the following equipment specifications:

High Resolution (Color: 600 TV Lines, B/W: 700 TV Lines)
1/3" SONY High Sensitivity SUPER HAD CCD II
SENS DSP
Auto-Iris Lens; Focal Length TBD by desired view, typically 2.5-50mm
Weather & Vandal Resistant Housing (IP66)
24 IR LEDS Minimum (100ft IR Range)
Day & Night (Sens Up)
Mechanically Switching IR cut filter
Digital Noise Reduction (DNR)
DC 12V or AC 24V (Dual Voltage Support)
Color Min. 0.005 Lux B/W Min. 0.00004 Lux
Operating Temp 14°F ~ 122°F / 30 ~ 90% RH

6. Applicants who have previously received, or may be eligible in the future for, City of Columbia grant or loan funds for security cameras will not be allowed to apply façade dollars for the purchase and/or installation of security camera monitoring system under the façade improvement program.
